In 1912, Hosmer Dorrance began its quest for solutions which would assist the amputee population of the world in coping with and enjoying life. Throughout the Twentieth Century this quest has brought forth a continuing array of enhancements of the highest and most consistent quality, yet still leaving much to be done.

Hosmer’s progress from the initial simple mechanical conveniences, through developments into myoelectric components, now finds us embracing the age of electronic aids for the amputee. During 1997, Hosmer Dorrance joined with Fillauer, Inc. and Motion Control in a concerted effort of developing orthotic and prosthetic products for the new millennium. This combination of products, talents and resources is rapidly bringing forth new ideas and innovations to better serve the needs of the amputee.

Our pledge to our customers, and to the rehabilitation community, is to continue efforts to produce products of excellent quality, functional regardless of degree of sophistication, to improve the quality of life for those who desire and most urgently need assistance in meeting daily challenges.

APRL Voluntary Closing Hook

- Enables control of pinch force
- Self locking features allow secure grasp with minimal effort
- Nitrile rubber lined fingers give firm, positive grip enabling the patient to pick up coins and other small objects
- Fingers are replaceable
- Straight approach and handling of large round objects w/Lyre shaped fingers
- Two finger opening positions are preset; selection is made from a small switch located on the case
- Thumb is located on the posterior side
- Wrist to thumb tip: 6-3/8" (16.2cm); 8.6oz (243g)

52601 Sierra APRL Hook, Right 302-00
52602 Sierra APRL Hook, Left 302-01
52383 Replacement Finger Set
### Hooks

**Sierra 2-Load Voluntary Opening Hook**

- Permits pre-selection of pinch force equal to either 3.5 lb. (1.6kg) or 7 lb. (3.2kg) through a load selector button located on the thumb
- Nitrile rubber lined fingers give a firm positive grip enabling the patient to pick up coins and other small objects
- Fingers are replaceable
- Straight approach and handling of large round objects w/lyre shaped fingers
- Remove only one screw to open the cover for quick cleaning and oiling
- Wrist to thumb tip: 5” (12.7cm); 12.5oz (354g)

71632 Replacement Spring Kit
Includes:
- 71623 Soft Spring
- 71622 Regular Spring
- 71631 Heavy Duty Spring
- 71624 Installation Tool

NOTE: Order line to cable adaptor separately, 53581
CAPP Multi-Position Post

- Provides opposition for patient with partial hand
- Post may be manually positioned to 0, 30 or 54 degrees with a push button
- Additional 180 degree position allows Post to be folded back when not in use
- Cuff section not included but may be fabricated by our Central Fabrication Department at an additional charge

56266  CAPP Multi-Position Post, Right
56267  CAPP Multi-Position Post, Left

A.  56264  Base
B.  56262  Lever
C.  56272  Cap
D.  56268  Locking Pin Assembly

F.  56273  Spring
G.  56271  Cap Pin
H.  56656  Bearing
      56879  Pad (Not Shown)
Hook Accessories

**Button Hook**

- Aids in dressing by pulling button through the button hole.

50208  Button Hook

**Driving Ring**

- Attaches quickly and easily to automobile steering wheels, boat tillers and aircraft controls

56394  Hosmer Driving Ring

Includes:

A.  56389  Driving Ring Body
B.  56395  Coated Core Assembly
C.  56706  Washer
D.  56705  Nut
E.  56354  Bushing
F.  56387  Clamp
G.  51760  Screw (60539 optional longer screw), 4 Req
Hook Accessories

Hook Fairing

- Compensates for variation in lengths of any of the hooks and hands which are used interchangeably
- Specify Skin color

51210 Hook Fairing, HF-100

Forearm Lengthener

- Compensates for difference in length of the APRL Hook and the APRL Hand
- Adds 1-1/8” length
- Aluminum; 1/2-20 thread and stud

51038 Forearm Lengthener

See page H19 for Forearm Lengthener Cuff.

Hook Rings

- Three rings equal approximately four regular bands
- Available in green only.

57500 Hosmer Hook Rings, Sold 100 Per Pack
Hook Accessories

E-Z Hook Tension Band Applier

- Six hook tension bands included

55144 E-Z Hook Tension Band Applier

Hook Tension Bands

- Approximately 20 bands per ounce
- Each band applies approximately 1.5lbs. of prehension

53869 Hook Tension Bands, 4oz. Package
53870 Hook Tension Bands, 8oz. Package
53871 Hook Tension Bands, 1lb. Package
53872 Hook Tension Bands, 5lb. Package
55674 Hook Tension Bands for 12P, Sold 12 Per Pack

Hook Tension Springs

- Springs may be used in place of rubber bands
- Stainless Steel
- Each spring applies approximately 9lbs. of prehension

55363 Tension Hook Springs
Recreational Devices

Baseball Glove Attachment

- Allows firm gripping action between thumb and forefinger while using a baseball glove
- Use with first baseman’s mitt only
- Knobs on the fingers allow the glove to be securely attached
- Standard 1/2-20 stud
- 9.5” (24 cm.); 10.5oz. (298g)

55039  Baseball Glove Attachment, 7BR, Right
55027  Baseball Glove Attachment, 7BL Left

Bowling Attachment

- A nitrile rubber expansion sleeve at the end of this rugged device is under constant spring compression which causes it to expand and hold the bowling ball. The same action used to operate a conventional hook causes the device to release the bowling ball.
- 4-1/2” (11.4cm.); Standard 1/2-20 stud

51148  Bowling Attachment, HBA-100
A.  53164  Expansion Plug
B.  51573  Nut
Recreational Devices

Ski Hand/Fishing Hand

- Molded silicone rubber resembles a closed hand
- Opening will hold either a ski pole or fishing rod
- Remains pliable in sub-zero temperatures
- Standard 1/2-20 stud

53875 Fairing for DH-200 Hand (50538)
55448 Fairing for DH-201 Hand (50539)

Hand Cuff

- Used to cover Forearm Lengthener when changing from an APRL Hook to an APRL Hand.
- Specify Skin Color

51149 Hand Cuff, HC-100, Right
61008 Hand Cuff, HC-100, Left

See page H14 for Forearm Lengthener
Child Hands and Gloves

Baby Mitt

- Soft foam passive hands. Available with either 1/2-20 or M12 stud thread.
- Hands are available in two sizes for infants and toddlers, and two colors
- Does not require the addition of a cosmetic glove

Features and Benefits

- Passive hand allows the child to begin bi-manual activity.
- Child achieves body symmetry.
- Helps to protect child during a fall, aids in standing or sitting balance.
- Incorporation of the prosthesis in the body image.

Child Hands and Gloves

Child Passive Hand

- Soft foam passive hands. Available with either 1/2-20 or M12 stud thread.
- Passive hands have positionable flexible fingers.
- Reinforced hands have wired fingers attached to the wrist area. Super-reinforced hands have steel bars in the fingers that attach to the wrist area.
- Hard PVC Passive Hands are a lightweight, cosmetically finished shell that slips over the residual limb and does not require a glove.

Batteries, Control Units, and Electrodes for the Electric by Centri (See Page H39)
Male Hands and Gloves

Male Passive Hand

- Soft foam passive hands. Available with either 1/2-20 or M12 stud thread.
- Passive hands have positionable flexible fingers.
- Reinforced hands have wired fingers attached to the wrist area. Super-reinforced hands have steel bars in the fingers that attach to the wrist area.
- Hard PVC Passive Hands are a lightweight, cosmetically finished shell that slips over the residual limb and does not require a glove.

Wrists

Friction Disconnect Wrists

- Provides manual friction adjustment and quick disconnect feature
- Manual friction is easily adjusted
- Free rotation achieved by depressing push lever to the first position; at the second position, the insert disconnects from the wrist body
- Detachable laminating ring

58150  Friction Disconnect w/Laminating Ring, Oval, 2.25x1.63\" (5.7cmx4.1cm) Diameter, 4.3oz (121.9g)
58151  Friction Disconnect w/Laminating Ring, 1-3/4\" (4.4cm) Diameter, 3.6oz (102.1g)
58152  Friction Disconnect w/Laminating Ring, 2\" (5.1cm) Diameter, 4.2oz (119.1g)

54201  Stainless Steel Arm Frame 620W, Oval Wrist disarticulation,
11 1/2” (29.2cm) overall length, 1/2”-20 Screw in Disconnect
Wristz

Four Function Wrist

- Combination of two tried and true Hosmer wrists (The Rotational and the Sierra Flexion Wrist)
- Momentary release for rotation with spring return
- Adjustable return spring force
- Full 360 degrees of rotation with one cable pull
- 18 locking positions
- Lever selects 3 positions, 0, 25, or 50 degrees of flexion
- New and improved cosmetic cover

62268 Four Function Wrist, 1/2-20 Thread, Aluminum
